

Enhancing the Student Experience with Emerging and Digital Media Technologies

UBC Studios is a full service digital production unit supporting learning and research at UBC. Our studios are equipped with leading edge technology to provide the UBC community with end-to-end media solutions.

MEDIA PROJECT CONSULTATIONS

- Our experienced producers provide consultations to support you in all stages from planning to delivery, from DIY to professional productions.

PROFESSIONAL PRODUCTION STUDIOS AND SERVICES

- Kirk Karasin Studio:** a 1,200 square foot studio space in a versatile and controlled setting with professional lighting and seamless backdrop

- Audio Booth and Suite:** professional soundproof booth and audio mixing suite for recording voice-overs and narration for video

- 3D Scanning and Modelling:** creation and deployment of 3D interactive models of educational objects and artifacts

Our experienced and award-winning team of producers, cinematographers, editors, animators, and graphic designers support media production in the areas of education, research, and communications.

"DO-IT-YOURSELF" STUDIOS AND SERVICES

- Lightboard Studio:** allows users to create enhanced lecture capture styled videos for livestream or the flipped classroom

- DIY Video Recording Studio:** a self-serve video recording studio for recording lectures and presentations quickly and easily

- DIY Audio Recording Studio:** a self-serve audio recording station with two microphones for recording podcasts and narration for video

- Workshops:** our experienced team provides media production workshops to students, staff and faculty to support media production across the UBC community

EXAMPLES OF UBC STUDIOS PROJECTS:

MATERIALS ENGINEERING: INDUSTRY CASE STUDIES

- a series of case study interviews with experts working in aviation forensics, chocolate crystallization, artificial tissue generation, steel fabrication, and computer simulation testing of polymers
- produced in collaboration with Materials Engineering faculty Gabrielle Lam
- supporting student learning in Applied Sciences curriculum

LFS: FOREST SOILS OF SOUTH AFRICA

- winner of CNIE 2021 Excellence and Innovation award 
- a series of field study videos exploring forest soil management on location in South Africa
- supporting an international collaboration between Maja Krzic of UBC Land and Food Systems and Ben DuToit of Stellenbosch University, South Africa

NURSING: BULLYING INTERACTIVE SCENARIOS

- winner of MEDEA Media and Learning Association Special Jury Award 2021
- a series of interactive video scenarios for UBC nursing students demonstrating progressive responses to bullying in clinical practice settings
- produced in collaboration with UBC Nursing Faculty Kathy O'Flynn Magee, UBC Film & Theatre Faculty Tom Scholte, professional scriptwriter, and professional actors

CIVIL ENGINEERING: VIRTUAL FIELD TRIP

- virtual interactive immersive field trip experience of water treatment plant
- produced in collaboration with Civil Engineering Faculty Pierre Berube
- accessible through online platform, for use during classroom instruction and remote study for Civil Engineering students
