UBC Studios is a full service digital production unit supporting learning and research at UBC. Our studios are equipped with leading edge technology to provide the UBC community with end-to-end media solutions. Our experienced and award-winning team of producers, cinematographers, editors, animators, and graphic designers support media production in the areas of education, research, and communications.

**Enhancing the Student Experience with Emerging and Digital Media Technologies**

**Examples of UBC Studios Projects:**

**Materials Engineering: Industry Case Studies**
- A series of case study interviews with experts working in aviation forensics, chocolate crystallization, artificial tissue generation, steel fabrication, and computer simulation testing of polymers
- Produced in collaboration with Materials Engineering faculty Gabrielle Lam
- Supporting student learning in Applied Sciences curriculum

**LFS: Forest Soils of South Africa**
- Winner of CNIE 2021 Excellence and Innovation award
- A series of field study videos exploring forest soil management on location in South Africa
- Supporting an international collaboration between Maja Krzic of UBC Land and Food Systems and Ben DuToit of Stellenbosch University, South Africa

**Nursing: Bullying Interactive Scenarios**
- Winner of MEDEA Media and Learning Association Special Jury Award 2021
- A series of interactive video scenarios for UBC nursing students demonstrating progressive responses to bullying in clinical practice settings
- Produced in collaboration with UBC Nursing faculty Kathy O’Flynn Magee, UBC Film & Theatre Faculty Tom Scholte, professional scriptwriter, and professional actors

**Civil Engineering: Virtual Field Trip**
- Virtual interactive immersive field trip experience of water treatment plant
- Produced in collaboration with Civil Engineering faculty Pierre Berube
- Accessible through online platform, for use during classroom instruction and remote study for Civil Engineering students

**“Do-It-Yourself” Studios and Services**

**Media Project Consultations**
- Our experienced producers provide consultations to support you in all stages from planning to delivery, from DIY to professional productions.

**Professional Production Studios and Services**
- **Kirk Karasin Studio:** A 1,200 square foot studio space in a versatile and controlled setting with professional lighting and seamless backdrop
- **Audio Booth and Suite:** Professional soundproof booth and audio mixing suite for recording voice-overs and narration for video
- **3D Scanning and Modelling:** Creation and deployment of 3D interactive models of educational objects and artifacts

**DIY Video Recording Studio:**
- A self-serve video recording studio for recording lectures and presentations quickly and easily

**DIY Audio Recording Studio:**
- A self-serve audio recording station with two microphones for recording podcasts and narration for video

**Workshops:**
- Our experienced team provides media production workshops to students, staff, and faculty to support media production across the UBC community

**Lightboard Studio:**
- Allows users to create enhanced lecture capture styled videos for livestream or the flipped classroom
